## Respite and Family Support Services

**FREE STANDING/OVER NIGHT RESPITES** -OPWDD encourages all Care Coordinators and families to set up regular respite, overnight respites and other supports for individuals to ensure they are adequately supported. **Routine respite and supports to families have been found to substantially reduce crisis/emergency situations and to relief families.**

Prior to an Over Night (FSR) Respite Program, all the respite providers must receive the documents listed below from the families Care Coordinators. All evaluations, permissions, and physician order forms, must be current (within the present year). All documents requested, are important to **expedite** the application process. Please do not send any application without the required paperwork that the respite provider request below.

**Family Support Services & Self Direction:** Family Supports services must be calculated within a person's Self-Direction budget. They are not to be added outside of an approved full self-directed budget. We ask Care Coordinators, FSS providers and families to be aware of this matter.

**Reimbursement-** Reimbursements to families should be within reason and should consider the total number of approved requests families already have been allotted.

**Family Support Services-** All FSS services must be **reviewed and approved** through the DDRO Family Support Coordinator **prior** to agencies providing the services to families. Excessive requests of a service (Example reimbursement, crisis intervention etc.) may be **denied**.
