INTRODUCTION

This is a comprehensive listing of all programs in Queens that are funded by the New York State Office for People with Developmental Disabilities (OPWDD) through Family Support Services contracts and administered by the local Bernard Fineson Developmental Disabilities Regional Office, Region 4 (BFDDRO). Also included are Family Support programs funded by New York City Department of Health, Mental Hygiene. There are also many other governmental and community based services in this guide.

These programs serve developmentally disabled individuals and their families. To utilize these programs, the individual must reside with his or her family in Queens county and be eligible for services (exception: Non-Medicaid Evaluations). Most services must receive prior approval via OPWDD's Front Door or CCO Alert box (Service Amendment). Developmental Disabilities include Intellectually Challenged, Neurological Impairment, Epilepsy, Cerebral Palsy, Down's Syndrome, Traumatic Brain Injuries and Autism, among others.

Family Support programs are designed to strengthen the delivery of support services to families caring for disabled family members at home as well as to maintain and stabilize the family unit, and disability to reduce the potential for out-of-home placement. We encourage Care Coordinators to familiarize themselves with the services in this guide and to assist families in supporting those they care for at home.

Respite and Family Support Services

FREE STANDING/OVER NIGHT RESPITES -OPWDD encourages all Care Coordinators and families to set up regular respite, overnight respites and other supports for individuals to ensure they are adequately supported. Routine respite and supports to families have been found to substantially reduce crisis/emergency situations and to relief families.

Prior to an Over Night (FSR) Respite Program, all the respite providers must receive the documents listed below from the families Care Coordinators. All evaluations, permissions, and physician order forms must be current (within the present year). All documents requested, are important to expedite the application processes. Please do not send any application without the required paperwork that the respite provider requests below.

- Completed Current Application
- Consent for trips and pictures
- Current Medical
- 2 Consecutive PPD readings (once submitted we will not request additional PPD)
- Current Medication/Feeding order (as well as over the counter medications)/Evacuation Assessments may also be needed.
- Most recent Psychological and Psychosocial
- Current ISP (yearly)
- Current ISP Addendum
- LOC eligibility determination form (yearly)
- Waiver documents including NOD /Addendum
- Copy of Medicaid or insurance card.
- Approved Service Amendment from OPWDD (completed by CCO)

REGULAR RESPITE: Always check with the agency as there may be updates and additional services that are not noted in this guide.

The following are types of respite: In-home, Site Based, Recreation, and Camp. Agencies can also apply for intensive respite in any of these areas.

Family Support Services & Self Direction: Family Supports services must be calculated within a person's Self-Direction budget. They are not to be added outside of an approved full self-directed budget. We ask Care Coordinators, FSS providers and families to be aware of this matter.

Reimbursement- Reimbursements to families should be within reason and should consider the total number of approved requests families already have been allotted.

Family Support Services- All FSS services must be reviewed and approved through the DDRO Family Support Coordinator prior to agencies providing the services to families. Excessive requests of a service (Example reimbursement, crisis intervention etc.) may be denied.
